NCI
 NORTH CENTRAL
 INDUSTRIES, INC.

Welcome!

Please find enclosed our selection of new and featured items that we are proud to present. Whether you are a veteran customer with NCI or checking us out for the first time, rest assured that our nearly 70 years in business will make your buying experience a breeze. Our experienced and knowledgeable staff will be eager to assist you in completing your order.

The Fire Factory brand is entering its sixth year of existence and has remained the fastest-growing line of quality fireworks products in the industry. We listened to the feedback that we received and have added more innovative Fire Factory items for 2024, bringing the total items to over 100. This line is a major success because it checks all the boxes of unique performance, attractive packaging, and an unbelievably reasonable cost.

Chain Link Fireworks are here to stay with over 20 unique items. These 500, 360, and 200-gram cakes allow the end-user to link all varieties of cakes together without the need for fusing to create a unique show that has limitless possibilities. We're excited about a strong line-up of items from Pyro Planet out of Cambodia and excited to showcase the best of what they have to offer. Last are the highly anticipated segmented canister shells that will bring the consumer industry these effects for the first time!

Our online ordering portal is entering its second season after a successful introduction. This puts our customers in the driver's seat, allowing them visibility into our live inventory and items that are in transit. We've gone to extreme lengths to ensure our warehouses are fully stocked heading into the summer selling season. It is our advice to place orders early in order to get the products you desire while they are available. Our long-standing relationships with the best suppliers and shipping vendors have allowed us to keep our full line of products in stock.

Finally, our core principles of providing the highest quality products at competitive prices and unmatched customer service are what set NCI apart from the competition. The warehouses are stocked, and our trucks are ready. We look forward to earning your business!

Sincerely,

 Richard B. Shields
